

Ravenfield **Primary Academy**

Accessibility Plan

2020-2023

AIMS

Every child who comes to Ravenfield is unique. They come to school with their own combination of experiences, understanding and learning which it is our job, and privilege, to build upon. We believe that every child has the right to make the absolute most of their abilities. We aim to enable our children to overcome any barriers they face, including any social disadvantages they might experience both in primary education and beyond. We aim to ensure all children are able to access the curriculum and fulfil their potential. We undertake the steps outlined in this action plan to ensure that we:

- continually increase access to the curriculum for pupils with a Special Educational Needs or disability;
- Improve and maintain access to the physical environment for all stakeholders;
- Improve the delivery of written information to pupils, staff and other stakeholders to ensure equality of access for all.

PURPOSE

To increase access to education for children with disabilities, in the three areas required by the planning duties in the Equality Act 2012, Schedule 10, Paragraph 3 (See Appendix 1):

- Increasing the extent to which children with a disability can participate in the Academy's curriculum,
- Improving the physical environment of the Academy, for the purpose of, increasing the extent to which children, staff and visitors with a disability are able to take advantage of education, benefits, facilities and associated services provided or offered by the Academy, and;
- Improving the delivery, to children, colleagues or visitors with a disability, of information which is readily accessible to other children who are not disabled.

TIMEFRAME

The above aims will be delivered within a reasonable timeframe, and in ways which are determined after taking into account the student's disabilities and the views of the parents/carers and student.

In line with current legislation, this is a three-year plan (The Disability Discrimination (Prescribed Times and Periods for Accessibility Strategies and Plans for Schools) (England) Regulations 2005.) This plan will be kept under review during the period to which it relates and, if necessary, be revised.

Ravenfield Primary Academy aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

The plan will be made available online on the school website, and paper copies are available upon request. Ravenfield Primary Academy is committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

Our academy's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in our academy, this procedure sets out the process for raising these concerns.

DEFINITION

A person is regarded as having a disability, under the Act (The Disability Discrimination (Prescribed Times and Periods for Accessibility Strategies and Plans for Schools) (England) Regulations 2005.), where the person has a physical or mental impairment that has a substantial and long term adverse effect on their ability to carry out normal day-to-day activities.

Under the SEND code of practice (2015) SEND is defined as:

- A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for him or her.
- A child of compulsory school age or a young person has a learning difficulty or disability if he or she:
 - has a significantly greater difficulty in learning than the majority of others of the same age, or
 - has a disability which prevents or hinders him or her from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions

(N.B. Children with specific medical needs'; the responsibility of the designated Safeguarding Lead (henceforth DSL) and the Special Educational Needs and Disabilities Co-ordinator (henceforth SENDCO), accessibility needs are also addressed in this plan).
