Dear Parents/Carers

Nursery - Incredible Eggs Event

On Tuesday 21 April 2026, we have an exciting in-school experience planned to introduce our nursery children to our life cycles topic, where we will be exploring the question: "What is life like on a farm?"

Incredible Eggs will be delivering a chick-hatching kit to school. The eggs will be kept warm in an incubator, and within a few days the chicks are expected to hatch. Once they have hatched, they will be moved to a brooding unit, where they can be cared for, gently handled under close adult supervision, observed, and enjoyed by the children before being collected a few weeks later.

This event will take place in school.

The cost of the experience is £12.00 per pupil. This payment contributes towards the cost of the workshop and should be made via ParentPay by 16 April 2026. If you experience any difficulties accessing your ParentPay account, please contact the school office and a member of staff will be happy to assist you. If you are facing financial hardship and are unable to make the payment, please speak with the school office to discuss possible payment plan options.

We believe children learn best through first-hand experiences. School visits and enrichment opportunities play a valuable role in supporting children's development, and events like this can only take place with parental contributions. While contributions are voluntary, the workshop will not be able to go ahead if insufficient funds are received. We hope you will be able to support us in providing broad and enriching educational experiences for our pupils.

Photographs of the children taking part in this event may be shared on our school website and Facebook page.

Yours faithfully

Mrs Johnson
Nursery Class Teacher
