

Human Body

How does our body work?

English

Pupils will be using 'The Lucky Escape' as the text for reading and writing this term. They will also use a number of extracts from other texts including The Germ Hotel, Kay's Anatomy and Open Wide.

Genres include instructions, information texts, narratives and poetry.

Maths

Pupils will continue to follow the 'White Rose' scheme of work following units.

- Subtraction and addition
- Length and perimeter
- Multiplication and division

There will continue to be a focus on times tables due to the Summer times tables testing.

Science

During science, we shall be studying

- The human digestive system
- Types and functions of teeth

Art

Children will complete sketches of still life images of fruit and vegetables.

Computing

Children will be using studying information technology using spreadsheets.

History

Children will study the History of medicine including:

- NHS
- Remedies and mixtures
- Lack of sanitisation
- How countries compare
- Bizarre methods from the past

Geography

Children will look at countries around the world and how healthcare is different in each.

They will describe where they are in Europe and in relation to ourselves and other countries using -point compass direction.

Learning Journey

Ravenfield Primary Academy - Year 4 - Autumn 2

PE

Children will take part in gymnastics (MA) and tag rugby.

Design Technology

Children will research, design, and make healthy and balanced meals.

PSHE

This will be taught using a 'Philosophy for Children' (P4C) approach. Pupils will discuss important issues such as friendships, managing conflict and worries. Subjects include: accepting differences.

Spanish

Children will learn how to describe animals and their habitats.

Music/Drama

Children will improve their singing and drama skills through Christmas performance and Charanga music Program.

- Stop bullying

RE

Children will be looking at the differences between Christianity and Hinduism.
