MRS COATES'S COMMENTS

I love the autumn term in school. It starts off with the remains of summer and ends up with Christmas. The academy is definitely the best place to be for the festive season this year. The children and staff have worked so hard to produce fabulous productions. I am just bowled over by our children and how fantastic they have been, learning the words and taking part. Thank you for all of your support too, it is very much appreciated.

As I look back over this term so far I am amazed at how much has happened. We joined up with the other schools in MLT and learnt poetry to perform in September. It was brilliant to share our performances with the other academies over zoom. We raised money for Rotherham Foodbank as part of our Harvest Festival back in October.

We have had visitors from Calendar News to launch National Road Safety Week. This was good for raising the issue of road safety with our children. Our junior road safety officers Jack and Freya want to encourage the older children to cross in the right place on the busy main road and the younger children to hold someone's hand when walking to school.

Our children also designed Christmas cards and one was chosen by John Healey MP to send to over 900 people. Well done everyone, we will send the cards home before Christmas.

Our children were thrilled by the special message from Jack Grealish in our assembly before the football game earlier this half-term. T

Thank you once again for all of your support. I look forward to next term which will be full of more #exceptional experiences.

Houses

The children are divided up into four houses. In the new year we are going to be starting awarding house points for different activities relating to different areas of school life. Our houses are all named after landmarks you can see from one of our playgrounds. They are: Wentworth, Emley, Hoober and Conisbrough. More details will follow.

KEEPING YOUR CHILDREN SAFE The NHS Trust which provides children's services in Rotherham has launched a new app enabling parents and carers to pre-book a confidential chat with a health professional when they need advice around their child's physical and emotional health needs. The app is called 'eClinic Parents Plus' and can be downloaded free of charge from the App store or Google Play. On the app, parents are able to select the type of advice they are looking for before booking an online 'live chat' appointment with a member of staff in the team. It could be a health visitor for children 0-5, a school nurse for children 5-19, or a children's mental health worker for children aged 5-18. With the increase concerns around children's mental health, we feel this may be a valuable resource for parents.
